U.S. News and World Report

Posted: July 16th, 2013

A place on the Best Hospitals Honor Roll is reserved for medical centers that demonstrate high expertise across multiple specialties, scoring at or near the top in at least six of 16 specialties. Just 18 of the nearly 5,000 hospitals evaluated for the 2013-14 rankings qualified.

Our purpose: Working with healthcare providers in fulfilling their mission of caring for patients, by providing reliable value through exceptional service, uncompromising quality and significant cost savings.
